

AUSTRALIAN LAUNCH CESSNA CITATION CJ4

Aeromil Pacific, the exclusive Cessna authorised representative in the region for the Citation range of business jets, will launch and showcase the exciting Cessna Citation CJ4 at Avalon 2011-Australian International Airshow and Aerospace & Defence Exposition to be held at Geelong, Victoria, 1-6 March.

Making the announcement Steve Padgett, Aeromil Pacific Managing Director said *"The Citation CJ4 is an impressive aircraft, as you would expect from Cessna. The outstanding performance and cabin comfort clearly places the CJ4 firmly in the sights of the market in this region. It has already drawn great interest, with a lead CJ4 customer in the region already confirmed"*.

The CJ4 will fly from the United States to attend the Avalon 2011 Airshow and remain in the region for a short time for demonstration purposes.

The Citation CJ4 is the newest and largest member of the popular CJ family of business jets consisting of the Citation CJ1+, CJ2+ and CJ3. The CJ4 is FAA-approved for single-pilot operations and shares a common pilot type rating with the other CJs. (A pilot rated to fly any one of the CJs is rated to fly them all.)

The Citation CJ4 has a range of just over 3,710 kilometres (2,000 nautical miles) and a top speed of 839 kilometres per hour (453 knots) – both numbers greater than originally announced in 2006. It has a takeoff roll of 954 metres (3,130 feet) at maximum takeoff weight and is capable of a direct climb to 13,716 metres (45,000 feet) in just 28 minutes.

The Citation CJ4 features a four-screen Collins Pro Line 21 avionics suite, new Williams FJ44-4A electronically controlled (FADEC) engines, and it debuts the Rockwell Collins Venue cabin management system.

Standard on the CJ4 are dual Mode S Diversity transponders with enhanced surveillance and ADS-B out capability, TCAS II, Class A TAWS, multi-scan weather radar, broadcast weather and a maintenance diagnostic system.

Media Call – 11am Thursday, 3 March 2011. Aeromil Pacific Avalon aviation display. Location: Site EW-E8 on the walkway to the main chalet central entrance.
